

SW_1 COLLECTION

Scott Wilson + Minimal

coalesse®

Change your point of view.

Lower and more intimate.

Wider and more comfortable.

Lounge-inspired yet task-oriented.

The backs breathe. The bases swivel.

The tablets come to you. A whole

system of collaborative possibilities

for meeting spaces.

Three inches lower than conventional seating and tables, the SW_1 collaborative height offering is a conference/lounge hybrid that creates a more intimate and comfortable environment.

Lounge chairs support "lean back" activity while offering more space for postural changes. Sophisticated, seamless knit is available in 9 colors. Automatic swivel return ensures the chair is always placed appropriately.

Flexible.

SW_1 moves effortlessly from the conference room to public spaces for a wide range of collaborative solutions.

———— The height-adjustable Conference Chair provides the SW_1 seating aesthetic for conventional conference-height tables. It also works well as a guest chair.

———— SW_1 tables are available with a coordinating grommet to host PowerPod, so the main power cord disappears. PowerPod is an artful solution to the mundane task of plugging in.

Touch down.

Pairing the SW_1 Lounge Chair with a tablet arm and Ottoman invites you to put up your feet and work in a relaxed posture. The Conference Chair provides long-term comfort at standard height.

Enhance the SW_1 Lounge Chair by adding a tablet arm to create a work surface to host mobile devices for training settings, meetings or focused work.

SW_1 Occasional Tables complement the SW_1 Lounge but also stand beautifully on their own.

A swivel return mechanism on 4-star base chairs will return to the fixed position, while the 5-star base includes a 360° swivel mechanism for range of motion.

Collaborative Height (26\"/>

Conference Height (28.5\"/>

Product Features

- A. Tabletops.** 1/2" thick tops available in glass, veneer, Corian or laminate.
- B. Pull-out tablet.** Bring your work to you. Available as an option on select 26" high tables only.
- C. PowerPod.** Convenient tabletop access to six power outlets, disguised when not in use by an accessory tray.
- D-F. Wire management.** Grommet with wire manager allows wires to be accessed at the tabletop while routing them down the outside of the leg to the floor.
- G. 4-star base with glides.** Aluminum glides include non-marring plastic inserts.
- H. 5-star base with casters.** Black, dual wheel hard casters.
- I. Table glide.** Adjusts 3/4" for leveling on uneven floors.
