## Modern tables for collaboration today.

With a contemporary feel and modern aesthetic, Verlay™ is a collection of thoughtfully designed tables that support teams in any space—from large conference rooms to small project rooms and every touchdown space in between.

### Versatile performance.

Different tasks call for different kinds of support, which is why Verlay was designed to be versatile. With both standing and seated-height options available, Verlay is made for a variety of postures and physical needs.

### An aesthetic to match your style.

Minimal in nature, the Verlay collection of collaborative tables adds warmth and comfort to the workplace. Thinner tops, organic shapes, solid wood or metal legs, and tasteful color accents come together to create bold statement pieces or classic staples that complement the existing look of a space.

### Powering collaboration.

With integrated tabletop power and a cable management system, Verlay tables are designed to keep devices powered up and cords out of the way.

FEATURES AND BENEFITS

LONG METAL GROMMET

Available in standard power with data knockouts only.

CC GROMMET

Available in combinations of power, USB A and USB C, single or stacked.

EDGE PROFILES

Available in 3mm plastic and veneer with thin, drop, eased and slice edge options.

BRACKETS

Leveling is fine-tuned in the bracket that attaches the top of the leg to the table surface.

CORD MANAGEMENT TRAY

Easy to use and access, this tray hides cords in a clean and functional way.

FORBO INLAYS

Power cords can be tucked into the metal leg and hidden by a metal inlay.

STATEMENT OF LINE

WOOD LEGS

**Top Shape**  
Square, Square Corners  
**Height/Legs**  
Seated Height, Wood Legs  
W: 42", 48"

**Top Shape**  
Square, Rounded Corners  
**Height/Legs**  
Seated Height, Wood Legs  
W: 42", 48"

**Top Shape**  
Square, Rounded Corners\*  
**Height/Legs**
