

Simple Table Collection

Can one table do it all?
The Turnstone Simple Table Collection can.
Three heights. Multiple sizes.
Aesthetically adaptable.
A table for all reasons.

turnstone®

Endlessly Adaptable

Don't let the furniture tell you what to do. Fast-paced work environments require adaptable pieces. Task-oriented. Team-friendly. Project-ready. Simple Tables are ideal for any space, from cafes to lounges to project rooms. Simple Tables offer all the options.

Any Color You Can Imagine

Simple but lively, Simple Tables can be painted any color and topped with any laminate. Match to existing furniture investments. Punctuate the visual landscape. Add energy to overly serious environments. Simple Tables can be ideal for companies looking to extend their brand aesthetic into their work spaces.

Not Afraid of Heights

Simple Tables come in three heights. Work height for group projects. Cafe height for stools. Lounge height for comfortable productive settings, like the Turnstone Campfire Lounge System.

Statement of Line

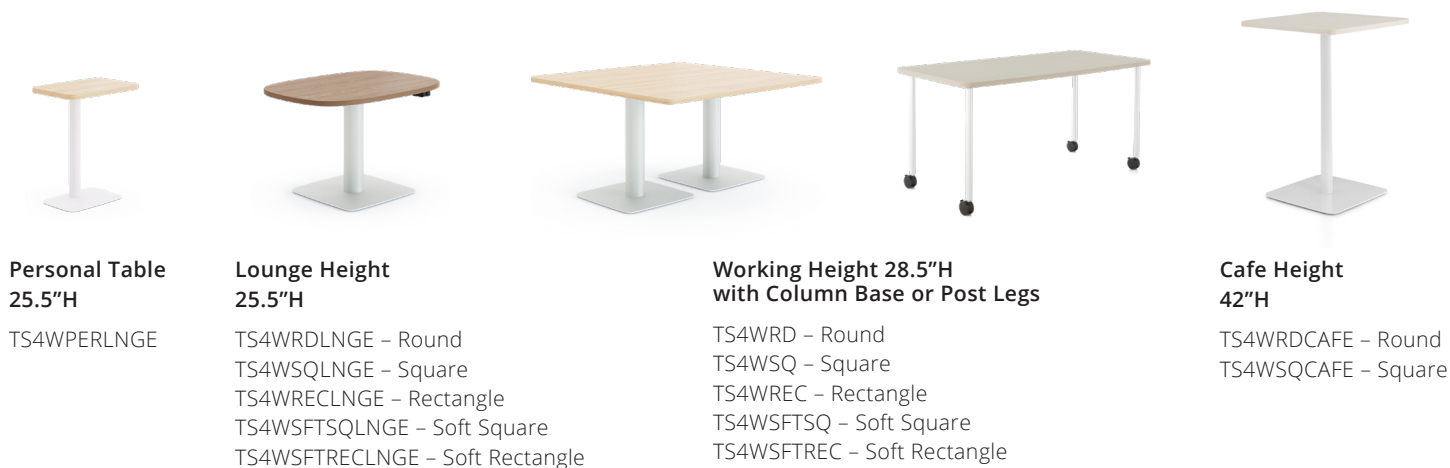

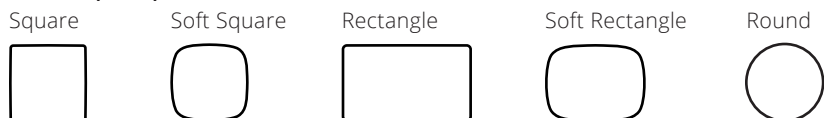

Table Top Shapes

Power

Single Power TS4WPWR1
Double Power TSWPWR2

10 or 15 ft cord routes under table
and down post leg or column
