

Regard™
lounge system

FLEXIBLE SPACE FOR DIVERSE NEEDS

In today's workplace, work isn't happening in one place. It extends beyond the desk to every available space. Today's workers shift between concentrated work, collaboration and socialization throughout their day.

The Regard™ furniture system provides a range of spaces to support many modes of work in today's workplace—accommodating short and long-term stays, individual and group work, and a variety of work tools.

OPTIMIZING REAL ESTATE

Providing today's workers with control, comfort and connection to technology throughout a floor plan leverages often under-utilized real estate. The simplest in-between spaces become multi-purpose spaces for focused work or impromptu collaboration.

PROVIDING CHOICE AND CONTROL

Regard provides workers with a variety of spaces that foster connection with people and technology.

IM#: 13-0004385

SUPPORTING COMFORT

Steelcase research shows that working in multiple postures over time is healthier than sitting in one static position. Regard's cushion options and soft armrests allow for a range of postures, while also providing space for work materials and personal items.

POWER WHERE YOU NEED IT

Workers require multi-functional spaces that support their work throughout the day, both digital and analog. Integrated outlets put power close at hand and make it easy to find.

OPTIMIZING REAL ESTATE

Providing today’s workers with control, comfort and connection to technology throughout a floor plan leverages often under-utilized real estate. The simplest in-between spaces become multi-purpose spaces for focused work or impromptu collaboration.

SPACE TO FOCUS
Extra space for individuals encourages side-by-side seating, provides space for personal belongings and promotes a palette of postures.

ROOM TO COLLABORATE
Booth settings provide larger worksurfaces, supporting collaborative work or users who need to spread out their materials.

POWER WHERE YOU NEED IT
Integrated outlets put power close at hand and easy to find. Modular power brings electricity to the middle of any space.

DURABILITY & CLEANABILITY
Durable steel frame with an open-base design allows for easy floor maintenance.

TOUCHDOWN SPACES
Easy-to-access touchdown spaces support impromptu collaboration and quick access to information on the go.

DISPLAY DIGITAL CONTENT
Booth displays enable users to easily share content with one another for more effective collaboration, or can be used to communicate brand messaging.
